

# In 2005, Socorro County high school students said:

- ▶ 68.6% had tried smoking
- ▶ 77.1% had their first drink before they were 17 years old
- ▶ 35.1% drink at home or another person's home
- ▶ 41.3% first tried marijuana before they were 15 years old

Parents, talk with your  
kids about the dangers  
of substance abuse.
